IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board of California (Board). She brought this action solely in her official capacity and is represented in this matter by Xavier Becerra, Attorney General of the State of California, by Alice W. Wong, Deputy Attorney General.

2. Respondent NILDA VERGARA, M.D. (Respondent) is represented in this proceeding by attorney Thomas Still, whose address is: Thomas E. Still, Hinshaw, Marsh, Still & Hinshaw, LLP, 12901 Saratoga Ave Saratoga, CA 95070.

3. On or about January 4, 1982, the Board issued Physician's and Surgeon's Certificate No. A 37908 to NILDA VERGARA, M.D. (Respondent). The Physician's and Surgeon's
Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2015-013832, and will expire on January 31, 2018, unless renewed.

**JURISDICTION**

4. On January 20, 2017, Complainant Kimberly Kirchmeyer, in her official capacity as the Executive Director of the Board, filed Accusation No. 800-2015-013832 (Accusation) against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent and she timely filed her Notice of Defense.

5. A copy of Accusation No. 800-2015-013832 is attached as exhibit A and incorporated herein by reference.

**ADVISEMENT AND WAIVERS**

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2015-013832. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

8. Respondent, having the benefit of counsel hereby voluntarily, knowingly, freely and intelligently waives and gives up each and every right set forth above.

**CULPABILITY**

9. Respondent agrees that, at an administrative hearing, Complainant could establish a *prima facie* case with respect to the charges and allegations contained in Accusation No. 800-2015-013832 and that she has thereby subjected her Physician's and Surgeon's Certificate to
disciplinary action. Respondent further agrees to be bound by the Board’s imposition of
discipline as set forth in the Disciplinary Order below.

CONTINGENCY

10. This stipulation shall be subject to approval by the Medical Board of California.
Respondent understands and agrees that counsel for Complainant and the staff of the Medical
Board of California may communicate directly with the Board regarding this stipulation and
settlement, without notice to or participation by Respondent or her counsel. By signing the
stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
action between the parties, and the Board shall not be disqualified from further action by having
considered this matter.

11. The parties understand and agree that Portable Document Format (PDF) and facsimile
copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile

A. PUBLIC REPRIMAND

IT IS HEREBY ORDERED that Physician’s and Surgeon’s Certificate No. A 37908
issued to Respondent NILDA VERGARA, M.D. is hereby publicly reprimanded pursuant to
California Business and Professions Code Code § 2227(a)(4). This Public Reprimand, which is
issued in connection with Respondent’s actions as set forth in Accusation No. 800-2015-013832,
is as follows:
On or about January 14 and 15, 2015, you prescribed a compounded cough medicine to a minor patient, containing corticosteroid in an amount which over time, could potentially pose health risks to the minor patient. You also failed to properly document the prescription of the compounded cough medication and instructions concerning the use of or weaning from the compounded cough medication.

B. MEDICAL RECORDS KEEPING COURSE

Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The medical record keeping course shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A medical record keeping course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

Failure to participate in and complete successfully all phases of the clinical training program outlined above shall constitute unprofessional conduct and grounds for further disciplinary action. If Respondent fails to successfully complete the clinical training program, or
fails to complete it within the designated time period, Respondent shall cease the practice of medicine within 72 hours after being notified by the Board or its designee that Respondent failed to complete the clinical training program.

FACTS

8. At all times relevant to this matter, Respondent was licensed and practicing medicine in San Jose, California.

9. Respondent saw Patient P-1, a child just short of her second birthday, on three occasions, January 13, 2015, January 20, 2015, and February 20, 2015. P-1 had been seen before this and has been seen since at the Santa Clara Valley Medical Center clinics for primary pediatric care and by a pulmonologist for persistent asthma.

10. When P-1 first saw Respondent, she noted that P-1 had been diagnosed with asthma and was maintained on corticosteroid and albuterol inhalers. P-1 presented with fever, coughing, and loss of appetite. Although she had taken an antibiotic prior to this visit, it is not noted in Respondent’s chart notes. Respondent diagnosed pneumonia, laryngotracheobronchitis (croup), and asthma, treated P-1 in the office, and prescribed a different antibiotic for her.

11. Respondent states that she followed up with P-1 by telephone on January 14 and 15, 2015 and, based on the follow up, prescribed compounded cough syrup at a daily dose containing 0.55 mg dexamethasone, a corticosteroid. She prescribed a sufficient amount of the medication to last a month and, when P-1’s mother said that she was afraid that P-1 would begin to cough again

1 The patient is designated in this document as Patient P-1 to protect her privacy. Respondent knows the name of the patient and can confirm her identity through discovery.
because her entire family had colds, Respondent called in a partial refill for the medication. None of this information is included in Respondent’s chart notes for P-1.

12. Respondent’s chart notes for P-1’s follow up visits on January 20 and February 20, 2015 do not make reference to the compounded cough medication, instructions on how to take the medication, or to the advice she states she gave P-1’s mother concerning weaning P-1 off the medication.

13. Although Respondent states that she was concerned about P-1’s reduced “immunity” and recommended an over the counter immune pediatric supplement for P-1 on February 20, 2015, it is not documented in P-1’s chart notes.

**FIRST CAUSE FOR DISCIPLINE**
(Repeated Negligent Acts)

14. Respondent is guilty of unprofessional conduct and subject to disciplinary action under section 2234, subdivisions (a) (violating the Medical Practice Act) and (c) (repeated negligent acts), of the Code in that Respondent engaged in the conduct described above including, but not limited to, the following:

A. Respondent prescribed an oral corticosteroid containing medication to manage P-1’s asthma.

B. The systemic corticosteroid prescribed by Respondent could, over time, potentially cause significant and serious hypothalamic-pituitary-adrenal axis suppression.

C. At the same time that Respondent was managing P-1’s asthma with a corticosteroid containing medication which can cause immune suppression, she expressed concern about P-1’s reduced “immunity” and recommended an over the counter pediatric immunity supplement.

**SECOND CAUSE FOR DISCIPLINE**
(Inadequate Recordkeeping)

15. Respondent is guilty of unprofessional conduct and subject to disciplinary action under section 2266 (inadequate records) of the Code in that Respondent engaged in the conduct described above including, but not limited to, the following:
A. Respondent failed to document that there were follow up telephone visits in P-1's chart notes and failed to document any information obtained during those telephone visits.

B. Respondent failed to document that she had prescribed the compounded cough medication for P-1 or to mention it in any way in any of her chart notes.

C. Respondent failed to document any instructions concerning the use of or weaning from the compounded cough medication.

D. Respondent did not document that P-1 had been treated with an antibiotic prior to Respondent seeing her on January 13, 2015.

E. Respondent did not document her concerns about P-1's reduced "immunity" or her recommendation for an over the counter pediatric immunity supplement.
