Petitioner, Department of Health, hereby files this Administrative Complaint before the Board of Medicine against Respondent, Anila A. Wahid, M.D., and alleges:

1. Petitioner is the state agency charged with regulating the practice of medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 458, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed physician within the State of Florida, having been issued license number ME 98541.

3. Respondent's address of record is 333 70<sup>th</sup> Avenue, Suite 120, Plantation, Florida 33317.

4. Respondent is board certified in Obstetrics and Gynecology by the American Board of Obstetrics and Gynecology.

5. On or about August 15, 2013, Patient A.H., a then thirty-four (34) year old female, presented to Respondent at Total Women's Healthcare in Plantation, Florida, for an annual gynecological exam ("August exam").

6. At the August exam, Patient A.H. expressed concerns about infertility.

7. At the August exam, Respondent and Patient A.H. discussed various tests that may be used to address infertility and Respondent began ordering tests.

8. On or about February 23, 2015, Patient A.H. gave blood for a complete blood count ("CBC") test that was ordered by Respondent.

9. On or about March 5, 2015, Respondent received and signed for the results of the CBC test.

10. The CBC test indicated Patient A.H. had an abnormal white blood cell count, marked leukopenia, and severe neutropenia.

11. Respondent failed to notify, or ensure that Patient A.H. had been notified, of the abnormal results of the CBC test.

12. Respondent failed to establish, or failed to ensure that Patient A.H. had otherwise established, a plan of care to address the abnormal results of the CBC test.

13. On or about May 28, 2015, Patient A.H. presented to Respondent for an annual gynecological exam ("May exam").

14. At the May exam, it was determined that Patient A.H. was pregnant and Respondent ordered blood tests for Patient A.H.

15. At the May exam, Respondent failed to order a repeat CBC test.

16. On or about July 9, 2015, Respondent ordered a repeat CBC test.

17. On or about July 17, 2015, Respondent received and signed for the results of the repeat CBC test.

18. The repeat CBC test indicated that Patient A.H.'s white blood cell count has dropped further, the neutropenia had worsened, and she now had pancytopenia with a drop in the red blood cell and platelet count.

19. On or about July 30, 2015, Respondent notified Patient A.H. of the results of her repeat CBC test, and referred her to a hematologist.

20. On or about August 8, 2015, Patient A.H. experienced a massive intracranial hemorrhage with herniation, as well as severe pancytopenia.

21. On or about August 12, 2015, Patient A.H. expired in the hospital. The fetus was also lost at that point.

22. At all times material to the complaint, the prevailing standard of care required Respondent to do one or more of the following:

- a. Notify, or ensure that Patient A.H. had been notified, of the abnormal results of the CBC test; and/or
- b. Establish, or ensure that Patient A.H. had otherwise established, a plan of care to address the abnormal results of the CBC test; and/or
- c. Order a repeat CBC test at Patient A.H.'s May exam.

23. Section 458.331(1)(t)1., Florida Statutes (2014), subjects a doctor to discipline for committing medical malpractice as defined in Section 456.50. Section 456.50, Florida Statutes (2014), defines medical malpractice as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

24. The level of care, skill, and treatment recognized in general law related to health care licensure means the standard of care specified in Section 766.102. Section 766.102(1), Florida Statutes (2014), defines the standard of care to mean " . . . The prevailing professional standard of

care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers. . . ."

25. Respondent failed to meet the prevailing standard of care in regard to Patient A.H. in one or more of the following ways:

- a. By failing to notify, or ensure that Patient A.H. had been notified, of the abnormal results of the CBC test; and/or
- b. By failing to establish, or ensure that Patient A.H. had otherwise established, a plan of care to address the abnormal results of the CBC test; and/or
- c. By failing to order a repeat CBC test at Patient A.H.'s May exam.

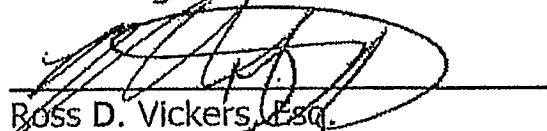

26. Based on the foregoing, Respondent has violated Section 458.331(1)(t)1., Florida Statutes (2014), by committing medical malpractice.

WHEREFORE, the Petitioner respectfully requests that the Board of Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand,

placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.
